THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Piermont, in the County of Grafton, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Piermont on Tuesday, the 14th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To raise and appropriate money to maintain Highways and Bridges.

4. To raise and appropriate money for new construction of State Aid Road, with State Aid.

5. To raise and appropriate money for support of library.

6. To raise and appropriate money for observance of Memorial Day.

7. To raise and appropriate money for control of white pine blister rust, with State Aid.

8. To see what action the Town will take, if any, in regard to allowing Selectmen to sell or administer property bought of Tax Collector, and Edward Pillsbury land.

9. To see what action will be taken in regard to street lights.

10. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 25th day of February in the year of our Lord, nineteen hundred and thirty-three.

LIBRARY REPORT

To the Citizens and Voters of Piermont:

At the last annual March meeting the appropriation for the library was reduced from \$250 to \$150, thus leaving but a small sum for the purchase of books and magazines after the necessary running expenses were paid. The number of magazine subscriptions was reduced to eight, eliminating those whose circulation was too small to warrant their continuation. Mr. Harry Deal has given the Atlantic Monthly magazine during the past year. Ninety-one new books have been purchased, twenty of them being juvenile, and five have been given. During the year 356 magazines and 3,463 books have been charged, 672 of the books being juvenile.

In August Miss Annable, field secretary of the State Library, and her assistant Miss Vaughan, met with the trustees to give us instruction in the repair of books and to discuss library problems.

The trustees have made a special effort to make the library of use and a pleasure to the children and young people. We now have nearly all of the books on the list of forty recommended for children by the U. S. Bureau of Education. During the year some of the school children have kept a list of the books they have read. Ruth Evans heads the list with a record of fifty-seven. Others who have read a large number are: Helen Gould, 47; Barbara Dearth, 25; Frances Hartwell, 24; Harry Hackett, 22.

Annual Book Week was observed at the library Nov. 21. Despite the storm several children came dressed to represent titles of books. The prize, a book, was awarded Gerald Smith, who represented Huckleberry Finn. A close second was Alfred and Robie Stevens as Tweedle Dee and Tweedle Dum. This year being the one hundredth anniversary of Louisa M. Alcott's birth, Eleanor Davis and Maxine Morrill read original essays on her life and works, Eleanor covering the early period of her life and Maxine the latter part. Mrs. Louise Horton then gave a short talk on the trustees' aims and methods of choosing books, and closed by showing the children how letters are written to the blind.

The trustees, wishing to make the library a pleasure and service to the townspeople, are glad to receive suggestions and criticisms.

MABEL F. BROWN,
Chairman of Trustees.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens
of the Piermont School District:

I hereby submit my third annual report as Superintendent of Schools. The statistical report for the school year ending June 1932 appears at the end of the report.

Charlotte Powers, of Manchester, is teacher at the village grammar school. She is a graduate of the three-year course at Plymouth Normal School. The work of this room is motivating splendidly and the discipline is good. A. Elwin Kibler is teaching at the Rodimon school and sustained progress is being realized there. The other two schools have the same teachers.

The fundamentals in arithmetic have been checked from time to time by the Superintendent, and remedial work prescribed. A seemingly proper balance has been struck between silent and oral reading. It is the policy of this supervision to accept the modern trend of education in so far as it does not sacrifice the best of the old.

Property

During the summer the shed of the Rodimon school was shingled and metal roofing put on the Brook school. At present there is fire protection for neither life nor property in the district. In my judgment the vote of the district against insurance presumed to have been passed some years ago should be rescinded at once and at least \$5,000 be put on the village school in a standard insurance company. A complete fire loss would make a real hardship to the district. A fire escape should be installed at once at the village school. The thirty people upstairs have only one narrow exit and could be easily trapped in case of fire. Quotations show that a good fire escape can be installed for approximately \$100.

The village school should be shingled, but it might be put off another year. While minor repairs and expenses have fallen off 32% throughout the State, it is always questionable how advisable it is to put off needed repairs.

Conclusion

In the interests of economy the board reduced the school year to thirty-six weeks, the minimum required

by law. It is hoped that the finances of the district will enable the Board before long to resume the thirty-seven week year. Less education during the school life of a child may eventually put children at a disadvantage with those who have not sustained this loss.

During the winter a splendid evening session was held at the village school, at the close of which Louise S. Horton gave a splendid history of education in Piermont, and showed some very interesting exhibits of early days.

It is hoped that parents will regard the recommendations of the school nurse, and even during the depression not defer too long to correct physical defects which eventually may become permanent. The success of the school depends in no small measure on the health and attendance of the pupils.

Respectfully submitted,

ALLAN M. McCURDY,
Superintendent of Schools.
